

Customer Programs Enrollment Center - Solution approach

Abhishek Bansal
August, 2015

- Review Customer Programs Enrollment Center (EC)
- Option 1 – Use Enrollment Center, for all scenarios, Move-In, Change Contracts.
- Option 2 – Contract Management integration w/ Enrollment Center (Move-In only).
- Option 3 – No Enrollment Center, use existing screens(e.g. Change Contract).
- Option Scorecard

Customer Programs Enrollment Center

3

All enrolled programs listed, with a one-click button to de-enroll, following de-enrollment step or prompts.

Hyperlinks provide one-click access to enroll, following enrollment step, or information prompts

Enrollment History can be maintained, to build process/system eligibility rules.

Promote Customer Programs

Currently Enrolled Services

Enrolled Services	Enrollment Status	Requested Start Date	Start Date	Requested End Date
De-enroll Peak-time rebate	Pending Enrollment Enrolled Pending De-enrollment	07/15/2015	07/29/2015	

Not a CSR drop-down, just demonstrates possible statuses.

The pending / Actual dates, provide further insight into customer life-cycle across Customer Programs

Eligible Services

Eligible Services

- [Critical Peak Pricing](#)
- [Customer Selects Due Date](#)
- [Prepayment](#)

Hover text will give, a description of the program. More customer-specific eligibility details (de-enrollment from another program) can be added on the right side.

Option 2: CM integration (New Contract only)

Step2⁵

- New step in the Guided process during New Contracts (Move-In) only. All other enrollments via standalone Customer Programs Enrollment Center.

Name / 100002421434
100 MAIN ST JACKSON MI 49202

⚠ Phone Number Needed

Clear Interaction End

Enrollment History

Enrolled Services	Start Date	End Date
Peak Power Savers	04/15/2015	07/14/2015

Option 3: No Enrollment Center, individual prompts

6

- This requires individual eligibility checks, a Solution maintenance overhead.
- Requires individual prompts for new and existing customers, i.e. additional CSR clicks.

Option 3: No Enrollment Center, existing/new screens

..contd.⁷

- Subsequently, for example, DPP enrollment can be carried out via Product change (Change Contract) screen.
